

# The Brooklyn Hospital Center

Pharmacy Residency Program | The Remedy is Experience

## PHARMACY RESIDENCY PROGRAM CLASS OF 2016 POST GRADUATE YEAR ONE (PGY-1)

**Rebecca (Becca) Campbell, PharmD**, University at Buffalo School of Pharmacy and Pharmaceutical Sciences

I grew up in Albany, N.Y. and spent my undergraduate years at SUNY Buffalo. There, I completed two degrees: a B.S. in Biology and a B.A. in Psychology. In my free time I enjoy traveling, being outside, watching movies, trying new restaurants, going to concerts, and reading. I'm so excited to continue my pharmacy career as a resident at the Brooklyn Hospital Center! Coming with me from Buffalo are my two cats and chinchilla.

**Victor Chen, PharmD**, Touro College of Pharmacy, New York

I was born and raised in New York and obtained a Bachelor's degree in Biochemistry from Stony Brook University. My favorite things to do are snowboarding, tennis, hiking, and exploring new food places. I am excited to join the Brooklyn Hospital Center as a PGY-1 resident and am looking forward to working with everyone!

**Joseph Galipean, PharmD**, Ernest Mario School of Pharmacy, Rutgers University

I was born and raised in central New Jersey and look forward to moving to the big city. I enjoy exploring new places, trying new food, and anything that is fun and out of the ordinary. I am very excited to start the next chapter of my life as a resident at The Brooklyn Hospital Center and I can't wait to face all the new challenges ahead of me. I hope to have a fun and rewarding year with my co-residents.

**Diana Gritsenko, PharmD**, St. John's University College of Pharmacy and Health Sciences, Queens, NY

Between work and school, it can be hard to find free time, but when I finally do, I like to explore NYC with my friends. You can also find me at the gym or, more likely, curled up on my couch reading or catching up on all of the shows that I have missed. I am very excited to start my PGY-1 residency and I hope to help foster a family dynamic with my fellow co-residents. I look forward to meeting and getting to know each of you!

**Sam Simon, PharmD**, The University of New Mexico College of Pharmacy

I grew up in Albuquerque, New Mexico but have lived in larger cities including NYC for short periods of time. I enjoy listening to music, going to shows, playing soccer, and eating many different kinds of food. Moving to Brooklyn for the next year is like a dream come true for me. I am thankful for the opportunity to be a part of The Brooklyn Hospital Center and look forward to the many challenges ahead.

Pharmacy Residency Program | The Remedy is Experience

## PHARMACY RESIDENCY PROGRAM CLASS OF 2016 POST GRADUATE YEAR TWO (PGY-2) AMBULATORY CARE PHARMACOTHERAPY

**Ashley Besignano-Long, PharmD**, Northeastern University, School of Pharmacy. PGY-1 Pharmacy Resident at The Brooklyn Hospital Center

I grew up in Staten Island, NY, and have always been a New Yorker at heart.

I could not be more excited to stay at TBHC to complete my PGY-2 residency in Ambulatory Care. I look forward to seeing what the next year brings and eagerly anticipate every challenge. In my free time I enjoy reading, camping, and spending time with my family, friends, and my dog Scrappy!

**Briann Luteran, PharmD**, South Carolina College of Pharmacy at The University of South Carolina. PGY-1 Pharmacy Resident at The Brooklyn Hospital Center

I am originally from Toms River, New Jersey. In my spare time I enjoy dining out with friends, going to sporting events and spending time with my friends and family. Throughout residency I discovered my love for ambulatory care and I am grateful to be spending year at TBHC pursuing my goals. I am excited for next year and cannot wait to meet my new co-residents!

## PHARMACY RESIDENCY PROGRAM CLASS OF 2016 POST GRADUATE YEAR TWO (PGY-2) INFECTIOUS DISEASES PHARMACOTHERAPY

**Kristin Martinez, PharmD**, University at Buffalo School of Pharmacy and Pharmaceutical Sciences. PGY-1 Pharmacy Resident at Intermountain Medical Center in Murray, UT

I was born and raised in Brooklyn, NY. I am ecstatic to return home after being away from NYC for seven years, and cannot wait to be able to enjoy the city and spend time with my friends and family. In my time outside of residency, I enjoy spending time with my fiancé Joe and our two cats Loki and Sansa, trying new restaurants, and going to concerts and shows. I have always been fascinated by infectious diseases and am so thrilled to be able to get a chance to focus my interests in the upcoming residency year. I am very excited to have this amazing opportunity with The Brooklyn Hospital Center and I look forward to a wonderful year with you all!
